ADVANCED NEUROMODULATORS WORKSHOP .

This workshop is designed for experienced injectors who are looking to expand their knowledge and skills in the varied ways anti-wrinkle products can be used in cosmetic injectables. This includes those treatments described as "off label".

Our 8 online modules include a comprehensive review of anatomy, in-depth descriptions, videos of injecting techniques, product dilution and dosing. Areas covered include masseter injections, bunny lines, DAO, platysmal bands, hyperhidrosis and much more.

These modules are enhanced by our in-clinic practical workshop where you will gain hands on experience in how to perform these advanced techniques.
